Sub: Request to KSEB for installation of required Transformers for Street Lights in Container Terminal Road

Respected Sir,

As per the below communication from National Highway Authority of India, many of the street lights in Container Terminal Road between the Kallamassery and Vallarpadam are not working because there is Pending work in the part of KSEB in installing the required Transformers. Requesting that this work be carried out on an urgent basis as many of the commuters especially two wheel riders have complained about the risk of accidents in this stretch (especially near Chernalloor area). Appreciate a quick resolution.
